GRADUATE TRAINEE PROGRAM BEYOND BORDERS

CARE FOR SKIN – CARE FOR PEOPLE

For more than 130 years, care for consumers and our people is what has driven us. Every day, our global brand icons, such as NIVEA, Eucerin, and Hansaplast, make more than 500 million consumers in over 200 countries feel good in their skin. Join this world of care and start your career in an environment that offers you the freedom to design processes and technologies in response to fast-changing market demands. Shape your professional future from day one and explore our collaborative culture with courageous, innovative teams that all share one exciting goal: supplying skin care products of the next generation.

THE BEYOND BORDERS PROGRAM

The 18 months program offers:

- **Profound Knowledge:** Get to know the major strategic and operational parts of our Supply Chain (Planning, Procurement, Logistics and Production) and its interfaces (e.g. Sales, Marketing, Controlling). Acquire an understanding of topics such as global sourcing, strategic planning, sustainability and advanced logistic solutions
- **Internationality:** Join a network of trainees from all over the world and experience local Supply Chain work by spending 5 months in one of our 150 affiliates.
- **Development:** Profit from self-managed projects, individual coaching and mentoring.
- **Individuality:** Bring in your ideas – use the program's flexible elements.
- **Future Prospects:** Prepare for a leadership career at Beiersdorf.

WHAT IT TAKES

We are looking for highly qualified students with:

- Half a year of practical experience through appropriate internships
- Half a year of experience abroad gained within your studies or internships
- Fluency in English, basic knowledge of German is recommendable
- Social and intercultural skills, enabling you to work in a multicultural environment
- Ambition for an international career
