### Why this ezine?

We are proud to bring you the spring edition of this e-zine by GAP Activity Projects in partnership with [ZAV](#). In this e-zine, we offer you information about how young people can take part in volunteering projects in Australia, New Zealand, The UK and Canada. This ezine talks about many different year - abroad options and benefits

### What do GAP have to offer?

GAP Activity Projects is a registered not-for-profit organisation founded in 1972 specialising in volunteering work overseas for 18-25 year olds. Projects last between 4 and 12 months . There are many different kinds of placements: boarding schools, caring, schools/caring, camps and community. Projects are available for departure summer/autumn 2007 and we still have some vacancies in Canada and the UK starting from January 2007. More information can be found in this e-zine and on our web-site : [www.gapgermany.org](http://www.gapgermany.org).
