Subject: Resignement from IFIP TPC – 6

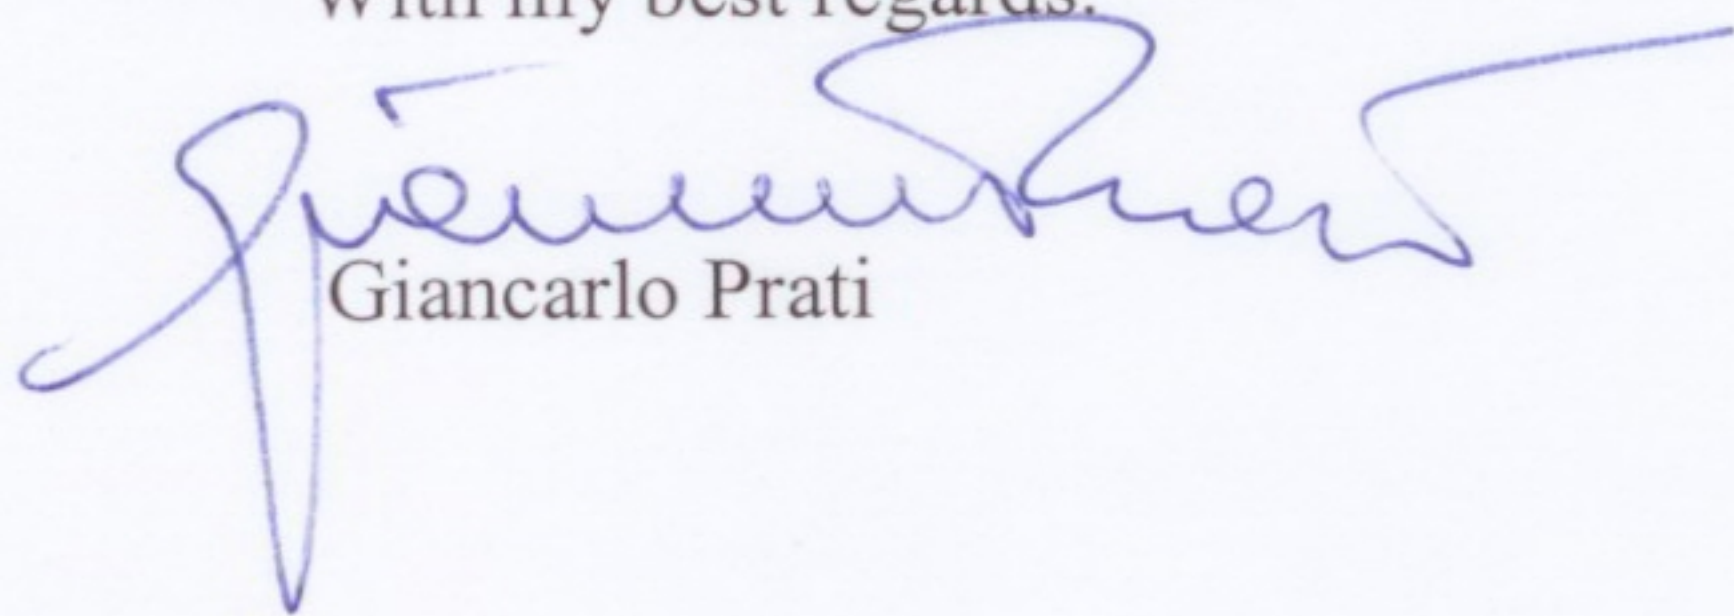

Dear Otto, Dear Arrigo,

I regret to inform you that, due to the several committments in Italy and with the European Commission, I am forced to quit as Italian Representative in the Technical Committe 6 of IFIP.

I would like to express my satisfaction for the experience of the past years, for new professional contacts established and friends that I have made.

As anticipated to Arrigo, a very good replacement that I take the liberty of proposing is represented by Marina Ruggieri, from University of Rome "Tor Vergata".

With my best regards.

Giancarlo Prati
