SCOPE

The I3E 2006 conference is the sixth IFIP conference on e-Commerce, e-Business, and e-Government sponsored by the committee TC6 in co-operation with TC8 and TC11. It provides a forum for users, engineers, and scientists in academia, industry, and government to present their latest findings in e-commerce, e-business, or e-government applications and the underlying technology to support those applications. The conference will be organized in two parallel tracks: research track and industrial and administration track. The accepted papers of the conference will be published in a book by Springer publishing company.

Areas of particular interest include but are not limited to:

e-Commerce

• Digital goods and products	• e-Negotiations, auctioning and contracting
• B2B, B2C, and C2C models	• Agent-mediated e-Commerce
• e-Marketplaces, e-Hubs and portals	• Pervasive technologies for e-Commerce
• Dynamic pricing models	• P2P-computing for e-Commerce
• e-Payment systems	• e-Commerce content management
• Consumer protection in e-Commerce	• User behavior modeling

e-Business

• Innovative business models	• Enterprise application integration
• Business process re-engineering	• Virtual enterprises and virtual markets
• Supply, demand, and value chains	• Virtual organizations and coalitions
• Customer relationship management	• e-Collaboration and e-Services
• Inter-organizational systems	• Future work environments for e-Business
• Business process integration	• e-Work
• Inter-workflow	• Mobile business

e-Government

• G2G, G2B, and G2C models	• Mobile public services
• Digital cities and regions	• Multimedia and multilinguism
• e-Democracy and e-Governance	• Digital culture
• e-Inclusion to information society	• Trust and security
• e-Health and e-Education	• Legal societal and cultural issues
• Public e-Services for citizens and enterprises	• Public-private partnerships
• One-stop government – service integration	• International dimension of e-Gov.

INFORMATION FOR AUTHORS

Submission of Papers

For the research track, submissions should describe original research work not submitted or published elsewhere. For the industrial and administration track, submissions should describe innovative products or good practices in the areas of conference interests.

The author responsible for correspondence, including the author's name, mailing address, telephone and fax numbers, and e-mail address has to be identified. One of the authors of each paper must register and present the paper at the conference.

ADDRESS FOR SUBMISSIONS

Authors are requested to submit their manuscripts electronically as a PDF file by following the link and instructions at the conference home page: http://www.tukkk.fi/i3e/submission.html (available from 15.3.2006)
