WCC2008 Services made available to Technical Committees

1. WCC 2008 will pay the expenses for flight (economy class) and hotel in Milan (4 nights) for one invited speaker of each collocated conference

2. Each collocated conference will have one meeting room from 100 up to 380 (depending on attendees), without considering the auditorium that can host up to 2,000 people .

3. During the congress, each TC chair will have a direct contact with the general coordination Committee of the WCC 2008 for any kind of information and help.

4. During the congress, there will be a technical staff available for the IT needs during the conferences. A dedicated staff will be available for any kind of support needed.

5. The access to the space reserved to the collocated conferences will be controlled by the staff and it is granted only to people that have the right badge.

6. All the rooms of the MIC are supervised by MIC staff and cameras 24 hours per day.

7. Each participant can have 2 coffee breaks per day (one in the morning and one in the afternoon).

8. Each participant will receive the proceedings of one conference by his/her choice.

9. All collocated conference, being a part of WCC 2008, will be promoted with corporate communication (newsletters, articles in specialized magazines, and events) massively starting from June 2007.

10. A business center will be available during the four days conferences.

11. An Ftp site will be available for the speakers to save/make changes to their presentations.
