

# CIC 2003

## The 8<sup>th</sup> International Conference on Cellular and Intelligent Communications (CIC) (Formerly CDMA International Conference)

October 28-31, J. W. Marriott Hotel, Seoul, Korea

<http://www.cic2003.com>

CIC has been organized successfully for last 7 years with the objectives of bringing together researchers, developers, and practitioners from academia and industry working in all areas of mobile communications. CIC serves as a forum for the dissemination of the state-of-the-art research, development, and implementations of broadband multimedia mobile communication systems, technologies, and applications. This conference will also present the latest development in the 4<sup>th</sup> generation broadband communication systems and ubiquitous networks. Seamless services and applications via different access systems will be the driving forces for the future development. The 8<sup>th</sup> CIC will provide three-day presentations of invited and regular papers from manufacturers, academia, and service providers, and one-day tutorials by distinguished lecturers. Authors are invited to submit full technical papers on both theoretical and practical aspects of CDMA systems and/or OFDM systems, broadband multimedia mobile communication systems, and ubiquitous cell interconnection and computing.

### AREAS OF INTEREST INCLUDE, BUT ARE NOT LIMITED TO:

- 4G Mobile System and Technology
- Antenna and Propagation
- CDMA/OFDM/TDMA
- IMT-2000 System
- MC-CDMA Technology
- Mobility Management/Mobile IP
- Radio over Fiber
- Smart Antenna
- Teletraffic Modeling
- Wireless Home Networks
- Wireless Security
- Acquisition & Tracking
- Broadband Mobile Communications
- Cellular Mobile Communications
- Intelligent Transport Systems (ITS)
- Mobile Computing
- Multiple Access Technology
- Resource Management
- Space-Time Coding/MIMO
- Ubiquitous Networks
- Wireless PAN/LAN/MAN/WAN
- Wireless QOS
- Ad Hoc Networks
- Bluetooth
- Diversity Technique
- Interference Rejection Technology
- Modulation & Coding
- NGN/NGcN
- RF Technology
- Software Defined Radio (SDR)
- Wireless IP (All IP)
- Wireless Multimedia Services
- UWB

**INSTRUCTION FOR SUBMISSION:** Prospective authors should submit full paper in English, no more than 3,000 words with a cover page to the e-mail address shown below. The cover page must include: the title of paper, authors' names, organization, contact author, postal address, and submission area (from the list of relevant areas of interest). Accepted forms for submission are soft copy in MS Word, PDF, or PS file formats.

**CIC 2003 Secretariat:** E-mail: [rubh@etri.re.kr](mailto:rubh@etri.re.kr)  
Tel: +82 42 860 6799 Fax: +82 42 860 6732

**IMPORTANT DATES:**

<b>Full Paper Submission:</b>	<b>July 15, 2003</b>
<b>Notification of Acceptance:</b>	<b>September 1, 2003</b>
<b>Camera Ready Paper:</b>	<b>September 30, 2003</b>

### ACCOMMODATING SELECTED PAPERS OF CIC TO LNCS

Selected papers of the proceedings will be published as a LNCS (Lecture Notes in Computer Science) series issue.

**Hosted by** MIC (Ministry of Information & Communication)  
**Organized by** KICS (The Korean Institute of Communication Sciences)  
ETRI (Electronics and Telecommunications Research Institute)
