### AIM and SCOPE

The Latin America Networking Conference 2007 will provide an international technical forum for experts from industry and academia everywhere in the world, but especially from the Latin American countries, to exchange ideas and present results of ongoing research in networking. Topics include, but are not limited to:

### NETWORKS and COMMUNICATION SYSTEMS

- Low cost access networks
- Sensor and actor networks
- Low rate communications
- National communication infrastructures
- Wireless communications
- PC computation
- Applications for productivity
- Internet based applications
- Web infrastructure
- Network management
- Network performance evaluation
- Network security
- Optical Communications
- Protocols and routing

Submission of papers that cover solutions of specific network problems of this region of the world is especially encouraged.

### PAPER SUBMISSION

Papers should be uploaded electronically, preferably in .pdf format, to the conference website: [lanc2007.upv.es](http://lanc2007.upv.es), according to the format and instructions given.

For general questions, contact [lanc2007@upv.es](mailto:lanc2007@upv.es)

Authors submitting a paper must state that it has not been published before and is not being submitted elsewhere. Full papers should be no more than 15 pages, 12pt, including figures, and should follow the style indicated in the conference website.

The first page must contain an abstract of about 150 words, name and affiliation of author(s), as well as the lead author's postal address, telephone numbers, fax numbers, and e-mail.

Accepted papers will be published in the conference proceedings and distributed to the conference attendees. At least one of the authors must register for the conference by July 1, 2007 and attend the conference to present the paper. Submitted papers must be in English; accepted papers must be presented in English.

### REVIEW PROCESS

All submitted papers will be reviewed by at least two reviewers. Acceptance will be based on originality, quality, relevance and the practical value of the work.

### PROCEEDINGS

All accepted papers will be published in the ACM Digital Library and in a CD with its own ISBN. The CD will be available at the Conference

### TRAVEL GRANTS

LANC is actively pursuing sponsors of travel grants for Latin American authors of high-quality accepted papers

### TUTORIALS

Proposals for half/full day tutorials are solicited: state subject area, level, goals and objectives, and give a short biography of the speaker(s). Proposals should be sent to the email address of the conference, to the attention of one of the co-chairs of the Program Committee.
